THE LEGS ARE STILL THERE

A mourning student crys on the grave of the Senior Bench. After this picture was taken, a pair of enterprising sophomores dug up the seat of the bench. The legs are still buried three feet down in the same spot. Seniors, sharpen those shovels!..

Gater Editorship Is Made Year Post

The Board of Publication has approved a motion to set the positions of Editor and Managing Editor of the Golden Gater at one year's duration at a meeting Tuesday, April 13.

These positions have been for one semester previously and the present approval is for the regular school year. New editors will be chosen for the summer session alone.

The Editor-in-Chief will recommend appointees to the other staff positions on the newspaper subject to Board of Publication approval.

Petitions for editor must be submitted to the ASSFSC Business Office by 12 p.m., April 28. Petitions for editor for the fall and spring of 1954-55 must be submitted by 3 p.m., May 7.

Bob Horn moved that the Board meet weekly until its present load of work is completed and that the meetings be held on Thursdays, at 12 p.m. The motion carried. The next meeting is scheduled for April 29.

Sophomores: a run-off between Don Crawford with 179 votes and Bonnie Baltsen with 164 votes for president; Betty Bunting vice-president; and Carol Bondshu, secretary-treasurer. These are unofficial class totals.

All officers elected in both the primaries and run-off elections serve for one year beginning with the close of Spring classes until June 1955.

Student Dies In Auto Crash

John Phelan O'Sullivan, a sophomore student here at S.F. State College, was killed early on the morning of April 21 when his car swerved off the Main Drive at 36th avenue in Golden Gate Park and crashed into a tree.

According to police the accident occurred when the 25 year old Korean War veteran lost his way in the fog while driving through the park shortly after 2 a.m.

A graduate of St. Ignatius High school, he transfered from City College and became a regular student at State in the fall of 1953, majoring in English

Shortly after leaving high school he worked two years as a merchant seaman. He entered the Army in 1950 for two years during which time he served in Korea. During the summer of 1953 he also worked in Alaska with the fishing fleet. His school activities were limited because of the necessity of working part time.

He is survived by his mother Marie, sister Maureen and brother Joseph D. O'Sullivan.

Funeral services were held Monday, April 26, 1954.

Student Congress Passes Two Bills

Two bills passed both houses of the 6th annual Student Congress of the Northern California Forensic Association held on campus Saturday, April 24th. These bills, complete with amendments will be sent to Senators Knowland and Kuchel and copies will also be sent to the appropriate California congressmen.

Passed by both House and Senate was Bill No. 4 that abolishes the present system of voting, the electoral college; and Bill No. 8 defining the powers and method of procedure for congressional investigating committees. The bill, on the agenda, dealing with the right to use the Fifth Amendment did not get through both houses.

The sponsors of the congress, The Speakers Bureau, organized the schedule to allow a criticismof the House and Senate by political science professors. In the House, Dr. George Outland, of State, spoke to the representatives before the morning session adjourned and pointed out that several bills would have been sent to committees and the actual wording and forms of some bills were incorrect. At his suggestion the House acted in the Joint Session of Congress and passed a resolution that formed a committee of students to draw up bills for the next congress, and to submit these bills to critics, such as Dr. Outland, for final approval.

In the Senate, Dr. Dean Cresap, from San Jose State, pointed out similar errors on the part of the Senators, and he felt too much emphasis was being put on the use of parliamentary procedures.

The State team acted as host and led the Congress by their fine example. In the afternoon session, Robert Cannon took over the chair from the Speaker of the House, Terry Arnold of San Jose State, and did an excellent job of guiding the debating on the floor.

Attempting to model this congress after the real one in Washington, the Speakers Bureau asked Sigma Delta Gamma Sorority for girls to act as pages. The girls worked hard and did a great deal to improve the smooth functioning of both houses.

The experience the students gain is not only limited to speech, but governmental practices and creates an interest in congressional problems that every active voting citizen should have.

Music Festival Here

San Francisco State College on May 1, 7 and 8, will be host to some 13,000 elementary, high school and junior college students from cities and villages between the Bakersfield area and Eureka. The event is the annual Northern California Music Festival.

"The purpose of the annual festival," said Edwin C. Kruth, chairman of this year's entire Festival program, "is to give the students who are participating in it an opportuniity to be judged in performance by authorities in the specific field in which they are performing: Bands, orchestras, choirs, instrumental and vocal ensembles. The Festival will also give them an opportunity to hear other groups perform," Kruth said.

This is the first year that State has had adequate facilities to host this major California music education program. For the three-day Festival the New Campus Arts-Industry and Creative Arts buildings will be used.

Playing in the Festival will be about 95 bands, 80 orchestras and 85 choirs. All these organizations, along with numerous solo performers, will be judged by professional musicians from all over the state. Prizes will be given for outstanding performances.

Beside instrumental and vocal work, on Friday, May 7, the Festival will include the judging of a multitude of majorette troupes. **(This will take place on the paved area around the Creative Arts building.)**

So that the Festival participants might have a chance to more comfortably eat, on Friday, May 7, the Student Union will be closed to the general student body. Also on the same day State students will probably have a greater parking problem than usual for many of the visiting Music Festival people will be parking their vehicles on and near the campus. These two "products" of the Music Festival may inconvenience many State students on that day, but it is felt by most people who know of the value of the Music Festival that minor inconveniences such as these are a cheap price to pay for an activity that cannot but create much interest in S.F. State on the part of the 13,000 visiting students.

The public relations value of the Music Festival is especially important in that only about 10 percent of the students who will perform during the three days will major in music in college. This means that most of the visiting students will be looking at the offerings of S.F. State College as a whole and not just the offerings of our Music department.

In previous years the Northern California Music Festival has been held at San Jose State, the Berkeley Public Schools and the University of California.

State personnel have been planning this year's Festival for nearly six months and it is sincerely hoped that a large number of State students and faculty will participate as much as possible in the three-day event.

IT'S ALL A MATTER OF TASTE

They're all the rage with college kids,
With gals and men alike.
So round, so firm, so fully packed—
I speak of Lucky Strike!

Barbara Bennett
Lawrence College

When you come right down to it, you smoke for one simple reason... enjoyment. And smoking enjoyment is all a matter of taste. Yes, taste is what counts in a cigarette. And Luckies taste better.

Two facts explain why Luckies taste better. First, L.S./M.F.T.—Lucky Strike means fine tobacco... light, mild, good-tasting tobacco. Second, Luckies are actually made better to taste better... always round, firm, fully packed to draw freely and smoke evenly.

So, for the enjoyment you get from better taste, and only from better taste, Be Happy—Go Lucky. Get a pack or a carton of better-tasting Luckies today.

When buddies ask me for a smoke,
What do they get from me?
"Here's finer smoking, pal," I say,
"'Cause L.S./M.F.T.!"

Is Lucky Strike. Enjoy the taste

State Play is Praised

JAMES KEOLKER

This department has been bombarded with bribes, threats, praise, and questions lately regarding our production standards for State Theatre.

Threats, like praise, can best be ignored. but questions must always be answered.

Generally, we have been asked what we consider a top-grade production—in direction, style, acting and the visual elements. Fortunately, and it is with a great deal of pleasure, we are able to point out a recent State drama offering that achieved excellence throughout every phase of production—Sheridan's "The Rivals."

This Restoration-style comedy, which opened the new little theatre last April 7, had a strong sense of completeness and unity—something previous productions of the semester lacked. The carefully directed style in acting and stage movement was skillfully integrated with scenery and costumes.

Restoration comedy is exceedingly difficult drama. It demands lengthy, rapid speech. sharp-edged characterization, and constant motion. The brilliancy of dialogue and wit becomes intoxicating and requires a skillful cast, indeed, to keep the production fresh and continually exciting. "The Rivals" more than met these demands of style and cast.

Outstanding among the players was Ray Fry as Captain Absolute. Fry, who recently played in "Glass Menagerie" undertook the Absolute role three days before performance when former casting did not meet production standards. Fry was an "Absolute" marvel in stature and speech.

"The Rivals" is not a play of individuals, however, and the combined efforts of Shirley Chambers as Lydia, Marjorie Werby as Mrs. Malaprop, and Marilyn Bonynge as Julia made for many amusing moments. Shaffer Fulton as Sir Anthony Absolute, Rudy Solari as Faulkland, and Alan Sims as Acres were another excellent trio. Sets by George Armstrong and costumes by Jack Cook gave the show a most professional air.

If State Theatre can continue to reach the high levels achieved by this production then State Theatre will undoubtedly become one of the better State college drama departments—an objective these columns have been attempting to support for the last two years.

Board Sets New Bugeting Rules

Ten prerequisites for receiving money grants from the ASSFSC by campus organizations were approved by the Board of Control on April 6.

Prior to the meeting an eleven point recommendation was drawn up by a budget criteria committee consisting of Jack Healy, Jack Lynch, Dick Goff, and Claude Crownover.

The recommendation that was not approved suggested that the Board of Control define the percentage each organization should receive of the funds available. This matter will be taken up in May, along with; 1. Who has effective control of athletic spending, and 2. Consideration of a "more appropriate" budget for creative arts.

The points approved by the Board include:

1. Only "on-campus" groups will be subsidized.

2. The "general student body" must benefit by the subsidized activity.

3. Past expenses, along with planned expenses, must be given to the Board.

4. The "lowest feasible" cost for all materials used in such activities must be budgeted.

5. Entertainment limited to members of the group must be financed by that group.

6. Six cents per mile per car is the rate of reimbursement for car expenses.

7. A member of the subsidizing group must fully explain each budget.

8. All money from the subsidized activity will revert to the Associated Students.

9. Submitted budgets will not be accepted unless accompanied by a statement of the past year's financial situation.

10. The group shall submit its proposed budget in the manner prescribed by the Board of Control.

Reports On Sports

A powerful new local semi-pro juggernaut will stride onto a aseball field this Sunday with destruction lurking in every step of its powerful stride.

This modern day miracle team is made up of State students who have either used up their eligibility or are too busy during week days to play with the varsity. The Sunset Club will be a team to watch.

Main cogs in the attack are pitcher-first baseman Steve Driscoll, catcher Bill Rudometkin, infielder Noel Mertens and right fielder and acting manager since the original field general was injured in the first game of the season, Stan Croner.

The local powerhouse opened up its current season a couple of weeks ago with a 8-1 loss. But boss Croner says not to worry. "We just had a few bad breaks," says Stan, "Steve Driscoll, our pitcher, pitched only one ad ball, a homerun pitch in the seventh inning that broke our backs. Our ace pivot man Noel Mertens was spiked the day before the game, and I had an off day. What we need is hitting. Driscoll garnered the only hit of the day, a double. But we're rebuilding and shaking the lineup around. One of our mort recent acquisitions, among others, is Maury Duncan. We're building towards youth, and by the time season's end rolls around, we'll be right up there."

APOLOGY . . .

This next space will be devoted to Rover Martin, ace lefthanded relief twirler for the Gators last year. Seems as though Roger was a little irked because we had failed to mention earlier that he was the only piitcher on the Alumni team, which went down to a humiliating loss, who held our rampaging Gatoss ineffective.

Well, now that we've mentioned it, we hope Roger has sufficiently recovered from his ordeal to be able to lift his arm high enough to read the paper.

THINK IT'S EASY? . . .

A couple of weeks ago we delved into a little bit of nonsenseical whimsey when we wrote on the history of dicing, or more specifically, craps. We received many inquiries as to what playing craps has to do with sports or athletes.

To explain this, we must first give a brief definition by Webster, no less. Athlete;; n. one trained in feats of prowess; one of great strength . . ."

That should explain it. Did you ever know a craps player who wasn't trained in these feats of prowess; knowing how to talk to those dice, how to work up to a certain fever pitch that brings nothing but sevens (on the first roll), and most of all how to give it that old body English? To give with the proper body English takes years of constant practice and nothing less than a perfectly coordinated athlete could manage it. You have to know how to breath in a smoke filled room without oxygen, and no ordinary athlete is in as good a condition as that of the dice player who spends 12 hours on his knees rolling his fingers to the bone.

And besides, did you ever know a craps player who wasn't a sport?

State Meets Chico in Conference Twin Bill Here Tomorrow at !:00

In what may prove to be a boon or a blessing as far as Gator baseball fate in the Far Western Conference is concerned, State takes a toehold tomorrow at 1:00 p.m. on the home field and prepares to meet Chico State in a conference double header.

Neither team has met this season, but Chico always fields a formidable club, and there is no reason why they shouldn't prove a definite threat to Coach Dick Boyle's crew tomorrow.

Improved hitting and fielding, plus their always prevelant good pitching, could be enough to give the Gators a badly needed double bill.

On Wednesday the 5th of May, the Gators will have a chance to relax when they meet Moffett Field, whom they have previously beaten, in a practice game at Moffett Field, 3:15 p.m.

This will be the last practice game of the season for State, as they travel to Aracata on May 8 to play Humboldt State in a night time conference double header, which will conclude the current season.

The Chico game will be the last opportunity to watch the Gators in action on the home grounds this season.

Gators Meet S.J. On Local Courts

State's varsity racqueteers, boasting a 5-1 win-loss record. face San Jose State next Thursday on the Gator courts and Santa Clara here on May 11. The locals, who have beaten Santa Clara, 8-1, previously, figure to have a fairly easy time downing the Broncos again.

The Spartans from San Jose and the Gators are rated even. San Jose holds an 8-1 victory over the Santa Clarans.

Coach Farmer's big 4 have consistently come through with victories. In Stan Altschuler, Sam Lipman, Bob Elias, and Eric Spiekerman rests the power of the team. Three very promising players are vying for fifth and sixth man, and their positions are continually being shifted. Arn Pincus and Dick Shoemaker, two veterans from championship teams at San Rafael High school, and Gene Ravoglioli, all show promise for the future.

State's first doubles team of Altschuler and Lipman have been winning right along with their uncanny style of play which incorporates the use of twists and turns.

In State's 8-1 victory over Cal Aggies, Altschuler defeated Jim Andreas 6-4, 6-2; Lipman downed Jim Navier 6-2, 6-1; Bob Elias of State beat Dan Grover 6-1, 6-1, Spiekerman won over Charles Hiatt, 6-0, 6-1; Ravoglioli turned back Leo Polopolus, 6-4, 6-2 and Mike Blass, State's photographer came out for his first match to win over Shickfoel Pitcher, 8-6, 5-7, 6-3.

In doubles play, Altschuler and Lipman beat Grover and Hiatt 6-0, 6-4, and Elias and Spiekerman defeated Andreas and Naviaux 6-4, 6-2. Cal Aggies won the third doubles by default for their only point of the day.

Finmen Beaten By Sacto, J. Angel Takes 2 Firsts

The thinly-manned State wimming team was dunked into defeat here last Friday by Sacramento State, 51-33.

The meet, closer than the score indicates, was highlighted by the Gator's captain. Jose Angel, capturing two firsts and a second for a total of 13 of State's 31 points. Angel took first in the 100-yard and 220-yard free-style events and a second in the 440-yard free-style. Larry Soderman took the Gator's only other first place, capturing the 50-yard free-style. Second places for the Gators were taken by Tod Fleming in the diving and Wally Macomber in the 220-yard backstroke.

Sacred Heart Tops JV Baseballers

State's J.C. baseball team was defeated last week by Sacred Heart High School, winners of four straight local prep championships, 6-2.

Homers hit by Bob Perry and Tom Lavin, both of Sacred Heart, proved the down-fall of Gator pitcher Howie Adams, who had in his last two starts thrown a no hitter and two hitter.

State was off to a one run first inning lead, but the Irish reltaliated in their half of the first with a brace of markers. Sacred Heart went on to score three runs in the fifth inning and one more in the sixth. The Gators tried to rally in the last inning, but could tally only one run.

Art Orrante was the winning pitcher for Sacred Heart. touring the route and allowing the Gators only four hits. Arams gave up nine bingles to the Irish.

State's only loss this year was at the hands of the San Jose State Spartans.

San Jose Hurler Ups Whiff Record to 35

By LE ROY PACINI

John Oldham and Clint Lee, a couple of big left handers with professional ambitions, hooked up i na mound deal last Wednesday, April 21, with San Jose State's Oldham emerging victorious with a 4-3 win and 17 more strike outs to his credit.

Big John, the Spartan's strikeout king, continued his mastery with the victory over State,, allowing the Gators only five hits.

The Gators. who at one point last season had beaten Oldham in a double-header, looked like they were off to an other win over John in the first inning when they scored a run on a couple of walks, a smashing single through the box by Ron Rosenberg, and a passed ball.

Two more runs were scored in the second inning by State before Oldham finally settled down. The Spartans came roaring back with two runs of their own in the third inning, and finally forced Lee out of the game in the sixth in favor of John Kalberer, even though they scored no runs in this inning.

Kalberer went along in fine fashion until he was finally undone by two SJS pinch hitters in the ninth inning.

Schuder Willett slammed out a double and Ron Palma followed with a single to bring home the winning run.

San Jose State themselves could garner only seven hits, but they bunched them together and made them count.

With the 17 strikeouts over the Gators, Oldham boosted his incredible record to 35 strikeouts in his last 19 innings of mound duty.

Ground Flyboys For Military Ball

The marching cadets of the Air Force ROTC here at State will become the dancing cadets for one night, May 1, when they swoop into the Claremont Hotel in Berkeley for their third annual Military Ball. Russ Byrd and his orchestra will provide the evening's music.

According to Len Silverman, chairman of the cadet activities committee, the dance promises to be one of the biggest and gayest affairs of the year. Backing up this thought, is fact, for some 300 cadets and their co-pilot dates, along with guests from various colleges and universities, are expected to be on hand Saturday night at 9 p.m., when Maestro Byrd raises his baton for the first of four hours of extremely danceable music.

The management of the Claremont, in order not to be caught with their flaps down when this air armada comes winging into their Salem Room, have taken suitable measures to insure ample hanger space and runways for the various fox trot and tango maneuvers.

And with as competent and popular a pilot as Russ Byrd at the controls, the music should be "on target" at all times.

Highlighting the event will be a short program presented by the AFROTC "Singing Sergeants," San Francisco State's famous choral group, and the presentation of the College Union Campus Queen, who will reign over this 3rd annual Military Ball.

Authorized flying gear for this trip is formals for the girls and dress uniforms for the cadets.

Saturday night's continuation of the "Frolics" will open with a Donkey Basketball game. The game will be played on donkeys equipped with rubber overshoes, and will be held in the Men's gymnasium at 8 p.m., with faculty opposing students.

The Boiler Room

Upon reading the recent critique of "Glass Menagerie" we felt compelled to express our reactions to the play, ,also. The negative report given in the April 2 issue of the Gater seems to be criticizing the cast and the staff bluntly and unfairly.

Not only to the attenders, but to those who did not see the play, the article gave a rather close-minded, limited—and in our opinion, wrong review of the production. For us, the play provided a thought-provoking sentiment was shared by many experience, and we found this viewers to whom we spoke. The players' presentation prompted empathy, and when that is possible, we do not believe it is the sign of a "brittle and unpolished production."

It was not so much Tennessee Williams' "Glass Menagerie" itself, but this fine acting displayed by the cast which assured us we had seen an outstanding performance. ,

It should be noted that the integration between scenes was developed so well that one did not lose the feeling of the play, which could easily have occurred in an arena type theatre. We thought the technical management of the play was done very well.

To those who missed the performance, may we say that in our estimation, it was a fine and stimulating performance which another cast would find difficult to surpass.

Sincerely,
Donna Salsa

Editor—Golden Gator:

Last week, I exercised one of my new prerogatives, as a recent transfer to San Francisco State, and partook of a very light repast at the Student Union (cafeteria).

I selected a sandwich, whose composition consisted of two slices of white bread, a dab of margarine, and a slice of cold meat approximately 1/64 in. in thickness. I did not have calipers with me, but let us label the last mathematical integer, a shrewdly calculated guess.

For this culinary extravagance and indulgence, I was allowed to pay the sum of 40 cents.

Hardly without saying, I was figuratively swept away by emotions and gratitude, that such an economy device as a non-profit Student Union, permitted me to enjoy this almost sybaritic pleasure, at such an insignificant price.

I would like to inquire, if there is any existing fund in the corporate strueture of the Student Body, that would permit me to make a small, but heartfelt contribution, to the erection of a suitable edifice or monument, comemorating the person who has made such an titanic contribution to our economic scheme of daily living.

Next year' I'll have to flip a coin, whether to square up with the Department of Internal Revenue or to buy another one of those damn sandwiches.

Sycophantically yours,
James Smith, 3207
